EXPERIENCE

Professional Engineering Solutions

Intern 07/2022-09/2022

- Collected and consolidated diverse data sets from multiple sources across several locations, organizing the information into a structured database for streamlined access and analysis.

Location: Bucharest, Romania

SC Constructii Erbasu SA

Deputy Quality Control Intern 05/2020-09/2020

In the first 2.5 months:

- Verified the quality documents for all the buildings that were assigned
- to me and registered all the files for each building.

In the last 1.5 months:

- I went on site and assisted the chief site engineer and learned about
- managing and direct a construction site, what the steps are for a couple
- of types of buildings and how a team of workers is organised.

Location: Bucharest, Romania
